9. **Delivery Failures**
Failure of a contractor to deliver within the time specified or within reasonable time as interpreted by the Purchasing Director, or failure to make replacements of rejected articles when so requested, immediately or as directed by the Purchasing Director, shall constitute authority for the Purchasing Director to purchase in the open market articles of comparable grade to replace the articles rejected or not delivered. On all such purchases, the contractor shall reimburse the County within a reasonable time specified by the Purchasing Director for any expense incurred in excess of contract prices or the County shall have the right to deduct such amount for monies owed the defaulting contractors. Such purchases shall be deducted from contract quantities. Alternatively, the County may impose a late delivery penalty on a delinquent contractor of one percent (1%) per day for a period of up to ten (10) days for each day that delivery or replacement is late. Should public necessity demand it, the County reserves the right to use or consume articles delivered which are substandard in quality, subject to an adjustment in price to be determined by the Purchasing Director.
10. **Non-Collusion**
Bidder declares that the bid is not made in connection with any other bidder submitting a bid for the same commodity or commodities, and that the bid is bona fide and is in all respects fair and without collusion or fraud. An affidavit o-collusion, if included in bidding instructions, shall be executed.
11. **Default**
The contract may be cancelled or annulled by the Purchasing Director in whole or in part by written notice of default to the contractor upon non-performance or violation of contract terms. An award may be made to the next low responsive and responsible bidder, or articles specified may be purchased on the open market similar to those so terminated. In either event, the defaulting contractor (or his surety) shall be liable to the County for cost to the County in excess of the defaulted contract prices; provided, however that the contractor shall continue the performance of this contract to the extent not terminated under the provisions of this clause. Failure of the contractor to deliver materials or services within the time stipulated on his bid, unless extended in writing by the Purchasing Director, shall constitute contract default.
12. **Guarantee**

Any part or portion found not in accordance with this specification will be rejected and returned to vendor at vendor's expense for immediate replacement.
13. **Patent Indemnity**
The contractor guarantees to save the County, its agents, officers, or employees harmless from liability of any nature or kind for use of any copyrighted or uncopyrighted composition, secret process, patented or unpatented invention, articles or appliances furnished or used in the performance of the contract, for which the contractor is not the patentee, assignee or licensee.

Final inspection shall be conclusive except with respect to latent defects, fraud, or such gross mistakes as shall amount to fraud. Final inspection resulting in acceptance or rejection of the products will be made as soon as practicable, but failure to inspect shall not be construed as a waiver by the County to claim reimbursement or damages for such products which are later found to be in non-conformance with specifications.
17. **Bidder Qualifications**
The ability of the contractor to provide dependable and prompt service shall be an important consideration in awarding a contract.
18. **Ability To Perform**

If the available evidence is not satisfactory to the County, then the bid of such bidder may be rejected.
19. Each item or sub-item shall be individually priced per unit as shown under "unit price" column. Bidder shall multiply the unit price bid by the quantity listed under the quantity column and the total shall be indicated in the extended price column. In case of error in extensions or additions or in case of discrepancy between the unit price and the extended price, unit price shall prevail.
20. Prices quoted shall be firm for the period of the contract.
21. Bidder shall specify manufacturer or trade name and product number for each line item bid in the space provided on the proposal pages. Failure to do so or the inclusion of remarks such as "as specified" will be cause for rejection of bid.
22. In return for prices submitted, the County will purchase all of their requirements of the products listed herein from the successful bidder. It is provided, however, that when quality or quantity levels are not satisfactory to the County, an exception to this commitment will be granted.
23. **Quantities**
Quantities listed herein are estimates only for the period specified. No guarantee to purchase the amounts shown is intended or implied. The County reserves the right to order larger or smaller quantities at the prices quoted on this proposal.
24. **Substitution of Requested Items**
The contractor shall be obligated to deliver products awarded in this contract in accordance with terms and conditions specified herein. If a contractor is unable to deliver the products under the contract, it shall be the contractor's responsibility to obtain prior approval of the ordering agency to deliver an acceptable substitute at the same price quoted in the contractor's original bid. It shall be the contractor's responsibility to obtain such substitute. In the event any contractor consistently needs to substitute or refuses to substitute products, the County reserves the right to terminate the contract or invoke the "Delivery Failures" clause stated herein.
25. **Responsibility for Damaged Claims**
The contractor shall indemnify, hold harmless and defend the County and its officers, employees, agents and representatives, from all suits, actions, claims, damages and judgements of any character that may be brought against the County by whomsoever, on account of any injuries or damages sustained by any person or property due to the negligent acts or omissions by the contractor, or any of his officers, employees, subcontractors, assignees, or representatives in the performance of the contract. In the event the County and the contractor are found to be joint tortfeasors with respect to any such injuries or damages, the contractor's obligations to indemnify the County under this section shall extend only to the contractor's prorata share of negligence as determined in accordance with Georgia State Statutes.

26. Assignment of any contract resulting from this invitation to bid will not be authorized.
27. None of the various County agencies, either individually or collectively, will be required to purchase any minimum amount during the term of this contract, nor will they be limited, either individually or collectively, to any maximum amount during the term of this contract.
28. This contract may be cancelled by either party upon submitting thirty (30) days written notice of intent to cancel to the other party.
29. The County reserves the right to increase or decrease quantities shown without penalty.
30. **Rejection of Bids**
Failure to observe any of the instructions or conditions in this invitation to bid shall constitute grounds for rejection of bid.
31. All of the specifications and information contained in this invitation to bid, unless specifically excepted to in writing and included with the bid, will form the basis of the contract between the successful bidder (the contractor) and the purchaser. Caution should be taken by the bidder that all questions are answered in the spaces provided and all requested information is submitted.

The completed application will tell us which commodities your company sells and the ones you would like to be placed on the bidders list for. We will place that information in the computer. Without that information we will not be able to list in our computer files the commodities that your company sells.
